

MODULE 2

A standard AI tooling configuration (with shared skills / MCP connections identified)

The AI-First Delivery Lifecycle

[Starter template](#)

Purpose

Starter template for **A standard AI tooling configuration (with shared skills / MCP connections identified)**, produced by Module 2 — The AI-First Delivery Lifecycle.

How to use

- › Replace the placeholder content with the client's specifics.
- › Keep the D55 branding and structure.
- › This artefact writes into the Client Operating Manual section: 2. How We Build.

Notes

TODO — capture decisions, owners, and follow-ups here.
